Senior Director Manager
Career Ladders Project promotes equity-minded community college redesign.

We collaborate with colleges and their partners to discover, develop, and disseminate effective practices. Our policy work, research, and direct efforts with colleges lead to system change—and enable more students to attain certificates, degrees, transfers, and career advancement.

Resources for Dual Enrollment Online Onboarding

August 2020

Career Ladders Project convened a group of practitioners from across the state to share resources for online onboarding of dual enrollment students. We developed a list of videos, presentations, handouts and other web-based tools to share broadly with California practitioners. The resources are listed by topic and each one is categorized by type; see the key for more information.

Feel free to use and distribute these resources directly or to tailor them for your campus, but we request that you credit the original source. Suggested attribution is listed below each link.

Special thanks for sharing resources and helping develop the list goes to the Bay Area Community College Consortium, Contra Costa College, Chaffey College, Coast Community College District, East Los Angeles College, Glendale College, Hartnell College, Long Beach City College, Santa Monica College and Santiago Canyon College.
