Purpose of Roundtable Series

- Facilitate observable changes in counseling and student service delivery practice to support students in reaching their goals of certificate, degree, transfer and/or employment more quickly.
- Engage in student-centered exchange with focus on strategies that improve student retention.
- Building on lessons and innovations from the pandemic, share student-centered policy and structural changes colleges are making to improve counseling and student support services.

This webinar is part of a series produced by Career Ladders Project with funding from the California Community Colleges Chancellor's Office.

Making Careers Happen

Goals for this session:

- Identify strategies, tools and practices that enhance focus on career development support (planning and decision making) for students.
- Address equity issues in Career Education and scale effective equitable practices for general advising in pathway career counseling support for students.
- Build on an asset approach for practitioners to strengthen their work in student's career decision and pathway journeys.
